

Cadorath takes pride in our company, our employees and our products, we are currently looking for a Production Welder to join our team. This position is full-time and reports to the Plant/Production Manager.

DUTIES & RESPONSIBILITIES:

- Weld components (MIG) as specified by blueprints, sketches, written and verbal instructions
- Read, understand, and follow job order specifications, engineering drawings, and work orders
- Work closely with various departments to support production deadlines and meet customer demands
- Set up and operate welding machines as well as various hand and power tools
- Review, interpret, and follow blueprints, sketches, written and verbal instructions to determine job specifications and identify parts and materials required for production
- Work to close tolerances
- Perform regular cleaning and maintenance duties on machines, equipment, and work area
- Handle confidential information on a regular basis professionally and ethically
- Take on and complete work assignments with the guidance of the supervisors and shift leaders
- Proactively participate in continuous improvement and 5S activities, taking responsibility to maintain an organized and effective working environment
- Comply with all company policies and procedures and adhere to company standards
- Maintain a professional demeanor at all times with fellow employees, management and customers
- Work in a fast-paced environment, handling heavy loads with attention to detail
- Other duties as assigned by the department supervisor

EDUCATION & QUALIFICATIONS:

- Thorough knowledge of all types of welding procedures, practices and weld symbols
- 1 -2 years welding experience in a manufacturing environment considered an asset
- CWB certification preferred, but not required
- The ideal candidate will have completed welding training at a vocational or technical training facility
- Mechanically inclined with knowledge of hand and power tools
- Fluent in English (speak, read and write in English)

SKILLS, ABILITIES AND OTHER REQUIREMENTS:

- Comfortable in a manufacturing environment, work can be physical, strenuous and involve frequent standing and lifting (up to 50lbs)
- Work independently when required
- Willingness to work night-shift and overtime when required
- Excellent verbal and written communications skills required (able to follow verbal and written instructions)
- A team player, committed to working in a quality environment
- Must be eligible to meet the requirements and security regulations of The Canadian Controlled Goods Program

Cadorath offers a Competitive Compensation and Benefits Package, including Group Health and Dental Benefits, Group RRSP Plan and Employee Incentives.

We appreciate your interest in working with Cadorth, however only those candidates selected for an interview will be contacted.
